2026-2027 JPII ELEMENTARY SCHOOLS
UNIFORM POLICY GRADES PRE-K – 5

The purpose of the JPII Catholic Schools uniform policy is to provide a learning environment that supports the mission of JPII Catholic Schools. A school uniform helps limit external distractions to learning and encourages positive student behavior and modesty while providing a safe, disciplined learning environment for all students. A school uniform lessens the impact of socioeconomic differences when options are from the same vendor and helps students to experience a greater feeling of school identity and belonging.

General Information:

Upon entering the school building, all students will follow the uniform policy until the end of the school day and if needed through after-school programs. Students who are not following the uniform policy will be asked to conform or sent to the school principal for appropriate action, which may include calling home for a change of clothes or borrowing uniform clothes from the office.

Deacon Den apparel is not uniform approved.
